

SUGAR KING IS HEAVILY SCORED

H. Leavitt Before Senate Committee Accuses Havemeyer of Lying.

HE CALLS IT FRAUD

Contradicts Statements That Reduction of Tariff Would Not Benefit The Trust.

MAKES BEET SUGAR

Washington, D. C., May 15.—Hayward Leavitt, beet sugar manufacturer, continued to testify before the senate committee on Cuban relations. He charged Havemeyer with having practiced a direct fraud on the American people in having testified before the committee "to what he knew was not true."

He contradicted Havemeyer's statement that the sugar trust had no interest in pending legislation for Cuba by citing admission by a trust's advertising agent that he had secured the publication of paid articles in various newspapers urging the reduced tariff rates on Cuban sugar.

He also cited Havemeyer's statement that the consumer will receive no benefit from the proposed reduction and at the same time holding out to the public a promise of cheaper sugar if the proposed reduction is made.

RUNAWAY MAKES FUN

Dashes Down Main Street During a Busy Time Scattering Pedestrians. A pair of horses hitched to a lumber wagon made a lively run up North Main street yesterday afternoon about half past four.

The team belonged to Jack Moaher, a farmer, who left them tied to a post on South Main street. They frightened and broke away and went up Main street at a two-minute gait. They missed striking anyone until just north of the East side fire station. Here they struck a wagon belonging to Tim O'Rourke, which was filled with manure. The shock wrecked both the hind wheels of Tim's wagon and broke the king bolt letting the horse and front wheels lose. Tim or his horse were not injured.

The runaways continued on their flight as far north as Peace court. Here one of them slipped on the railroad track and fell and for a few minutes there was a general mix-up, the horses and wagon turning completely over. They were caught by some bystanders and stopped before they could get a fresh start.

An examination of the outfit showed that the horses were not much hurt and the wagon was only damaged a little.

The runaway occurred just at the time when the street was full of people and teams and it was fortunate that no more damage was done.

SIX YEAR OLD HEROINE

Little LaCrosse Girl Dies From Snake Bite While Saving Brother's Life (Special To Gazette.)

LaCrosse, Wis., May 15.—Little Grace Dickson, the six-year-old daughter of Mr. and Mrs. Dickson, was killed by a rattlesnake while trying to save her baby brother from a like fate.

The little girl was taking care of the baby, which was in a buggy on the front porch. She went into the house for lunch and upon returning saw a huge rattlesnake. In the buggy with the child. She was trying to get it away with a broom handle when the reptile twined around the handle. She raised it in the air to hurl it away and the snake fell on her, wound itself around her neck and sunk its fangs in the flesh near the jugular vein. She rushed to her parents who released her from the reptile's embrace and killed it. The little heroine died in awful agony, but the baby was saved.

U. S. CRUISER DIXIE SAILS FOR MARTINIQUE

Vessels Carries Supplies of Food, Clothing and Medicines for Victims of Volcano Eruption.

New York, May 15.—New York's contribution in money and provisions for the Martinique sufferers amounted in round numbers to \$90,000.

The United States cruiser Dixie sailed from Brooklyn last night for Martinique, carrying food and supplies for the sufferers by the volcanic eruption on that island. The cargo of the Dixie is estimated at 2,500 tons, and will, it is said, be sufficient to feed the people of the island for ten days. The bulk of the cargo was purchased out of the appropriation of Congress for the relief of the sufferers, but there were also contributions from other sources.

The cargo of food, clothing, and other supplies is as follows: Rice, 982,250 pounds; bread, 214,300 pounds; codfish, 171,100 pounds; flour, 85,000 pounds; sugar, 80,000 pounds; bacon, 65,375 pounds; coffee, 16,000 pounds; tea, 4,000 pounds; salt, 4,000 pounds; baking powder, 3,024 pounds; currant jelly, 2,880 pounds; pepper, 250 pounds; evaporated cream, 4,800 cans; condensed milk, 4,800 cans; chicken soup, 2,400 cans; beef soup, 2,400 cans; vinegar, 516 gallons; trousers, 10,000 pairs; shoes, 10,000 pairs; socks, 20,000 pairs; drawers, 2,000 pairs; shirts, 4,000 pairs; blouses, 2,000 pairs; coats, 500 pairs; tents, 1,000; ham, 6,160 pounds. There are also medical supplies worth \$5,000 on board. The vessel cast off at 9:30 o'clock last night.

WALTER INGRAM DIES

Drops Dead of Heart Failure After a Boxing Match

Beloit, Wis., May 15.—While engaged in a friendly boxing match last evening Walter Ingram was taken with heart trouble and died instantly.

BY THE ONE-MILL TAX ROCK COUNTY IS BADLY DEFRAUDED

La Follette Supporters Will Read With Interest Just What This Tax Steal Really Is—A Warning For The Future.

The citizens and tax-payers of Rock county are aware that politicians and others are engaged in a bitter wrangle over the record of the Governor and the last legislature with respect to taxation legislation. It is about time that the people be given an opportunity to get at the facts and take a hand in the matter. Facts and figures constitute the evidence that we want when we get down to the question of how much money the tax-gatherers can compel us to pay, and where that money goes. Politicians may row over apportionments and a hundred and one other things, but when they get their hands into our pockets it is time for the householder and laboring man to assert himself.

Of course we are interested in the welfare of this whole commonwealth but the real vital question is: How am I affected right here, and how are my neighbor's interests looked out for? The people of Rock county are prosperous and liberal, but they propose to be taxed fairly and evenly with the rest of the citizens of the state.

By Chapter 237 of the Laws of 1901, the Tax Commission was made the State Board of Assessment. Construing the existing laws to require the assessment of all property at its actual value and recognizing the unjust burden on the people that the would impose, the Commission prepared two bills intended to remedy this evil, by fixing a specific amount for school purposes instead of relying on a stated per cent. upon an uncertain valuation greatly in excess of that heretofore existing. (See Assembly Bill No. 379, and Senate Bill No. 220). These two bills being identical, were duly introduced in each house of the legislature. By their terms this school tax was fixed at the definite sum of \$650,000, which amount was, by proposed amendment increased to \$850,000. (See page 893, Senate Journal). This bill was killed in the senate on May 7th by the men who were Governor LaFollette's leaders in that body, including Senator George P. Miller, of Dane County. (See page 957, Senate Journal). The bill in the assembly was withdrawn without action.

As a result of this disregard of the recommendation of the Tax Commission in this important matter, Rock county is now suffering as its tax-payers are well aware. In 1901 Rock county paid \$44,534.25 state taxes, while this year it pays \$78,272.09, an increase of \$33,737.84. Because of the defeat of these bills, the people of Rock county now pay \$13,663.40 more than they receive according to the law from the state for school purposes. The injustice done Rock county cannot be better shown than by a letter which Tax Commissioner Haugen—who, it will be re-

membered, was appointed by Governor LaFollette—wrote to his home paper in Pierce county in February, 1901, in which he says: "We have a number of times been asked for information as to how the last state assessment and the school fund apportionment bear on particular counties. To gratify myself and inform you I have gone over the figures as to Pierce county and find that we pay absolutely no state tax this year, but the state gives us \$4,257.76 more than we pay. I presume that some people will be terribly disappointed when they learn that we are making money out of the much-abused state tax, but such is the fact in our county and in St. Croix county as well. The balance in favor of St. Croix county is \$4,478.59. You understand the purpose and justification of the mill tax. It is for the encouragement of families and education, and any community that will not raise children and educate them must pay for those who do."

Assuming that Mr. Haugen's figures are correct, what is the situation as regards Rock county? The records in the department of state which are open to all, show that Rock County paid in state taxes \$78,272.09. This money was for the support and maintenance of the university, normal schools, common schools, free high schools, graded schools and interest in the state debt. In return, Rock county received of this sum of \$56,127.66. Tax Commissioner Haugen says, Pierce and St. Croix counties receive \$4,257.76 and \$4,478.59, respectively, over and above all that they pay. In other words, Pierce and St. Croix counties pay absolutely nothing for the support of the university and schools above named, nor do they pay one cent toward the state debt, while the tax-payers of Rock county pay \$22,144.43 for these purposes. Is this equal taxation?

At the time these bills were before the legislature Governor LaFollette was directing all of his time and energy in attempting the forcing of the Primary election bill into the first place—a mere political measure at best.

Once more Senator John M. Whitehead of Janesville is on record against this unjust tax on our citizens. In his report as chairman of the Senate Committee on Assessment and Collection of Taxes, wherein he urged the passage of the Tax Commission's bill above referred to, he said: (See page 892 Senate Journal). "The indirect method of levying the one mill tax on the taxable property as found by the state board of assessment, is indefensible and dangerous and the legislature should place the limit upon the amount which it will sanction as a proper sum to be levied upon the property of the tax-payers of the state in the years 1901 and 1902."

MEMORIAL DAY ORDERS ISSUED

G. A. R. Camps Send Their Orders As To The Observance of The Day.

(Special To Gazette.) Madison, Wis., May 15.—Orders for the proper observance of Memorial day by the Grand army of veterans day by the Grand Army Posts of the state have just been issued from the Wisconsin Headquarters Department. Information is also given in the orders relative to the coming encampment at Stevens Point, and a letter is included from Chairman Rigby of the Vicksburg Military Park Commission asking for copies of the diaries kept by Union Soldiers who participated in the campaign and siege of Vicksburg. The orders are as follows:

Memorial day has come to be so generally and properly observed by all posts of the G. A. R. and citizens that no special directions as to details for that occasion are required. Each post in the department of Wisconsin will, therefore, proceed in the manner which appears most fitting to cause the ceremonies of May 30, 1902, to be celebrated with due solemnity.

The headquarters excursion train from Madison to Stevens Point, June 10, promises to be largely patronized by the southern and southwestern parts of the state. It is a run of 107 miles directly north. Trains from all directions reach Madison before 1 o'clock p. m. so the excursionists can leave at that hour and reach Stevens Point about 5 p. m.

Souvenir to Subscribers. Subscriptions to the McKinley monument fund to the amount of \$341.70 have been received from posts and individuals. Every subscriber will be furnished a souvenir by the committee. The souvenir is now being made by Tiffany of New York and is said to be a beautiful work of art, but will not be completed for some time yet. The money with name and address of post and subscriber, will be sent the treasurer of the fund as soon as the list is copied and his receipt therefore will be submitted to the encampment in June.

Erastus Peck, formerly county clerk of Racine county, died on Monday in Los Angeles, Cal.

LT. GOV. STONE LAID AT REST

His Funeral at Watertown Largely Attended by State Officials, Many Masons and Elks.

Lieutenant Governor Stone's funeral was held yesterday from the Congregational church at Watertown, Wis., and brought out a large gathering of the prominent people from all parts of the state. The special train from Madison brought Governor LaFollette, the state officials and the governor's staff. Soon after the train from Milwaukee came in with a large delegation of Milwaukee friends and the Wisconsin Consistory and Wisconsin Commandery of Knights Templar of which Mr. Stone was a member. All places of business and the public schools were closed during the afternoon. Rev. William Fritzmeier, pastor of the Congregational church, officiated. He took for the text of his sermon the motto which Mr. Stone had over the fireplace in his home, reading "I expect to pass through this world but once; any good, therefore, that I can do, or any kindness that I can show to any fellow human being, let me do it now; let me not defer it nor neglect it, for I shall not pass this way again." Up to this motto Mr. Fritzmeier said Gov. Stone lived. The remains were escorted to Oak Hill cemetery by the Knights Templar, the Wisconsin Consistory and the Elks Lodge of Watertown. The services at the grave were conducted according to the Masonic ritual, Grand Secretary W. W. Perry officiating.

URNS LIFE SAVER

University Professor Saves Two Men From Drowning in Lake Mendota

Madison, Wis., May 15.—Professor R. A. Moore of the Wisconsin University experiment station, with the assistance of James Willard, an employee, saved two men from drowning in Lake Mendota yesterday. The two men were in a row boat, which capsized in rough water about forty rods from shore. Their cries for help were heard by Professor Moore. He broke into Dean Henry's boat-house, secured a boat and went to the rescue. The younger man was clinging to the boat nearly exhausted, while the older one was struggling toward shore. In the excitement the professor forgot to ask the names of the men.

VETERANS APPROVE UNITED STATES ARMY

Condemnation for Those Who Find Fault With the Campaign in the Philippines.

Indianapolis, May 15.—The business session of the Grand Army encampment was monopolized by a heated discussion on the subject of the war in the Philippines. Among the resolutions was one reciting the facts of criticisms of the soldiers in the Philippines and closing as follows:

"Resolved, That the survivors of the war for the Union heartily approve the conduct of the United States in the war with Spain and the Insurrection in the Philippine Islands, and that we hold in scorn and contempt all citizens of the United States who see fit to brand our soldiers and their conduct as cruel and inhuman, and therefore call on the administration to arrest all such persons and send them outside our lines, where they may consort in perfect freedom with their friends, the enemies of the best government in the world."

After a long wrangle that part of the resolution referring to the arrest of such persons was stricken out, and it was then adopted. Benjamin Starr of Richmond was elected commander. Camp fires were held and the encampment closed, nearly all the veterans remaining to take part in the dedication of the monument.

DOWIE'S PRAYERS FAIL TO SAVE

Ester Dowie, Daughter of the Prophet, Burned To Death.

ELIJAH II. PRAYS

Girl Dies Without Any Medical Aid, Amid Great Suffering.

FIRE CAUSED BY LAMP

Chicago, May 6.—Ester Dowie, a daughter of John Alexander Dowie, Elijah II, died last night from the effects of burns she received Wednesday morning. True to the teachings of the sect of which Dowie is head no physician was called despite the girl's intense suffering. Miss Dowie was heating her curling iron and the lamp scattering the flaming alcohol over her light wrapper. The flames quickly communicating to her hair.

Found Burned Her screams brought the other occupants of the building to her room, where they found her on the floor with blankets wrapped around head and her body entirely bare and horribly burned. When the blankets were removed from the head and face it was found to be burned almost beyond recognition and the head entirely denuded of hair. The scalp was so badly burned that portions of it sloughed off.

Dowie Prayed Nothing was done to alleviate the pain beyond applying vaseline. When Dowie arrived at the bedside of his daughter she was almost unconscious and from the time of his arrival until her death, prayers were offered continually, but no medical aid was given.

AFTER COUNTERFEITERS

Marshal Lawiston Has Two Noted Passers of the Quare Arrested (Special To Gazette.)

Madison, Wis., May 15.—United States Marshal Lawiston left last night for Mondovi to take charge of and bring to the Dane county jail two alleged notorious counterfeiters, Jack Jackson and Ben Lacey, arrested there yesterday. The two, it is charged, have been operating all along the Mississippi river, on the Wisconsin side, and have passed a large number of \$20 silver certificates, counterfeit which are so near the genuine as to make them dangerous.

The officers are confident that the men arrested are members of one of the smoothest bands of counterfeiters in the country. Its headquarters and the place where the bills are manufactured, has not yet been discovered.

ST. VINCENT HAS 1,600 DEAD

Official Report of Governor
Llewellyn to the Colonial
Office.

VALUABLE ESTATES RUINED

Out of 160 persons Sent to the Hospi-
tal but Six are Likely to Survive—
One Thousand Victims Are Given
Burial.

London, May 15.—The first official
news of the real extent of the volcanic
disaster in the island of St. Vincent
reached the Colonial office in a mes-
sage from Sir Robert Llewellyn, Gov-
ernor of the island. His message was
dated at St. Vincent at 11:20 Tuesday
night and was as follows:

"I arrived at St. Vincent yesterday
and found the state of affairs worse
than given in the reports forwarded by
the administrator. The country on
the east coast between Rolmrock and
Georgetown was apparently struck and
devastated in a similar manner to
St. Pierre.

"I fear that all living things within
that radius have been destroyed. Prob-
ably 1,600 persons have been killed.
The number will never be exactly
known. The managers and owners of
estates, with their families and several
of the better class of people, were
killed.

"One thousand bodies were found
and buried. One hundred and sixty
persons were sent to the hospital at
Georgetown. Probably six of this num-
ber will recover. The details are too
harrowing to describe. I have not a
coasting steamer from St. Lucia going
up and down the leeward coast with
water and provisions. I have received
\$10,000 for the relief of the distressed.

"I have asked the Governor of Trin-
idad to send a doctor, and have or-
dered another from Grenada. The
British warship Indefatigable remains.
All the neighboring British colonies
are giving assistance generously. The
extent of the awful calamity is now be-
ing realized, and every effort is being
made to grapple with it.

"All the best sugar estates in the
Carib country have been devastated
and all the cattle are dead. The erup-
tion continues, but is apparently mod-
erating. Anxiety is still felt. The
officers and residents are co-operating
with me and the ladies are making
clothing."

A message from Castries, island of
St. Lucia, also dated Tuesday night,
says:

"The Soufriere volcano on the island
of St. Vincent is still in destructive
eruption. A terrific cannonade can be
heard a hundred miles away. The re-
ports are followed by columns of
smoke, rising miles in the air. Im-
mense balls of colored fire also issue
from the crater. Lightning is playing
fiercely in the upper sky and the whole
northern part of the island is one mass
of traveling flame. It is impossible to
reach the burning district by land or
sea, and there are no means of es-
timating the destruction wrought to
life and property. Kingstown, the cap-
ital of St. Vincent, is still safe, though
showers of ashes and pebbles are con-
tinually falling down.

A dispatch has been received stating
that Grenada, British West Indies
(Windward Islands), did not suffer
from the volcanic eruption.

AN UNEQUALLED RECORD

The Only Medicine That Can Point
With Pride to True and
Marvelous Cures.

PAINE'S CELERY COMPOUND

ITS PRAISES SOUNDED BY ALL
CLASSES OF OUR PEOPLE

A Spring Medicine That Quickly Pu-
rifies the Blood, and Banishes
Disease.

Paine's Celery Compound can with
pride point to a long and wonderful
list of cures effected in this and
other lands. In fully ninety cases
out of every hundred, it has been
successful in overcoming and banish-
ing treacherous and long standing
diseases and ailments.

The great work of disease banish-
ing and life saving, so happily ac-
complished by Paine's Celery Com-
pound has not been confined to any
particular class of people. All ranks
and conditions of our population—
amongst which are found city tollers,
hard working farmers, business men,
capitalists, clergymen, lawyers, phy-
sicians, and legislators owe their
lives and present good health to the
curing virtues of Paine's Celery Com-
pound.

No other medicine in the world to-
day has been so much talked of, so
highly recommended by medical
men, so generally endorsed by our
best people, as Paine's Celery Com-
pound. It truly deserves all the good
words spoken in its favor.

May is the great month for re-
cuperating and building up the weak-
ened and diseased system. At this
time we press upon the ailing, the
nervous, the rheumatic, the neural-
gic, the dyspeptic, old and young, the
necessity of using Paine's Celery
Compound. To those who are suffer-
ing and despondent owing to the
rapid progress of blood troubles, kid-
ney disease and liver complaint, we
say "use the great health giver at
once. If you would be speedily re-
stored to health." The virtues pec-
uliar to Paine's Celery Compound
are as potent and true for you today
as they proved powerful and effective
for your friends and neighbors weeks
and months ago.

FRANCES MARIE KNOWLTON
AGE 24 MONTHS
HERE IS POSITIVE PROOF

That the Growth of the Hair Can
Be Influenced for the Better.

Even when absolutely healthy to begin with,
it can be made to grow much faster and longer
than it does normally.

The above photograph of Miss Frances Marie
Knowlton shows what care, persistence and a
good hair invigorating tonic will do in the way
of producing hair. This little girl has had
Danderine applied to her hair and scalp regu-
larly ever since she was three months of age
with the result that she now has the longest and
most beautiful head of hair ever possessed by a
child of her age. Frances Marie is the daughter
of Dr. E. W. Knowlton, 666 North Park Ave.,
Chicago. The doctor says that her hair is grow-
ing much faster than she is and he is sure it will
be long enough to touch the floor when she
stands erect by the time she is four years old.

IT ASTONISHES EVERYBODY.

COMMERCIAL AFRICA

The Treasury Bureau of Statistics is about to issue a summary of commercial conditions in Africa in 1901. It will throw light on the dark continent and will contain a fund of valuable information. The magnitude of Africa is difficult to comprehend. It comprises a territory 5,000 miles long by 4,000 wide, which computed in square miles, represents close to 12,000,000. There are but few available harbors and inland streams are so rare and insignificant, that the interior is difficult of access. Less than 3,000 miles of railroad are in operation. When it is considered that the United States has 200,000 miles of road, it is not difficult to understand why the dark continent is intensely dark.

The population is estimated at 25,000,000. The total foreign commerce of Africa is estimated at \$700,000,000, of which about \$430,000,000 represents imports and \$270,000,000 exports. Of the exports, especially those from the south, a large share is gold and diamonds; in the tropical regions, ivory, rubber, palm nuts and gums; in the north, the exports are chiefly products of agriculture, cotton, coffee, cacao, spices, dates, etc. Of the total recorded imports into Africa in the latest available year, aggregating \$429,461,000, \$157,575,000 went into British Territory, \$20,795,000 Portuguese, \$8,336,000 German, and \$4,722,000 into the Congo Free State. Of this importation of \$429,461,000, about 5 per cent. was furnished by the United States, our total exports to all Africa being in the fiscal year 1900, \$19,469,845, and in 1901, \$25,542,618.

It will be noticed from these figures that the United States has scarcely gained a foothold. As the country develops, there is no reason why American goods should not find a ready market and they will, if intelligently handled.

THE ONE MILL TAX

The Gazette has frequently called attention to the injustice of the One Mill School Tax, when applied to increased valuation of property. In another part of the paper will be found a statement of taxes for Rock county as compared with the previous year, which furnishes an object lesson worth remembering. The figures are taken from the books at Madison and are reliable. Mr. Haughen's statement concerning Pierce and St. Croix counties, is also significant. Schools are as scarce as factories in some of these northern counties. A few years ago, in one of their school districts, one family comprised the population. The man of the house was the school commissioner, clerk of the board, and everything else that called for a fee. His wife was the teacher at \$45 per month, the attic of the house was the school room at a good rental, and as there were no children, the old man was the only scholar. No complaint was registered until the enterprising clerk of the board presented a bill for two dozen school desks at fancy price, when he was advised that half the quantity would be enough to furnish the house.

Mr. Haughen is right, when he talks about encouraging families and education in the northern part of the state, but when Rock county contributes \$33,000, she is doing more than her share. The One Mill Tax covers a multitude of sins. It is a fair specimen of the work of a reform administration. Turn the Governor loose with a legislature to back him, and the state would discount Kansas in her palmyest days. The factory inspectors are traveling over this same northern Wisconsin with a spy-glass, trying to locate factories that are not visible to natural vision. They sometimes spend a week in a county, where the nearest resemblance to a factory is a saw mill. Northern Wisconsin certainly needs money for educational purpose.

THAT CONFIDENTIAL LETTER

Has Gov. LaFollette yet authorized the publication by H. G. Kress of that confidential letter which he wrote to Kress in May, 1900, pending his negotiations with Henry C. Payne for the nomination of R. M. LaFollette as a candidate for governor of the state? The people are very anxious to see that letter, as it may prove a key to the whole correspondence, which many now pronounce incomplete and indecisive. We therefore, say again to Governor LaFollette, exhibit the moral courage to authorize H. G. Kress to give it out for immediate publication. Now is the time and now is the hour that the people want to see what Gov. LaFollette recommended or advised in that emergency.—Evening Wisconsin.

The advice of the Wisconsin is pertinent and sound Governor LaFollette has gained some notoriety by keeping still and while there is sometimes virtue in silence, there are occasions where silence is the reminder of the same sort of courage for which the Ostrich is noted. A man

can't always hide by keeping his head out of sight, and there are some things that silence fails to explain.

The "confidential" Kress letter appears to be the missing link. Mr. Payne and Senator Spooner were evidently not afraid of it, and it only remains for the Governor to say the word. In justice to himself as well as the public, the secret should be divulged. This is a good time for confession.

MORGAN'S NAVY

While congress is considering ship subsidies and various other schemes, J. Pierpont Morgan has gone into the ship business on his own account. He has no navy yard, or no intention of establishing one. He has discovered that the quickest way to get a ship, is to buy it, and his ambition usually demands a whole fleet. While the government is having a little fun with the railroad merger in which he is interested, he has taken a day off to go across the water and stir up the House of Lords on the question of ocean navigation. After securing half a dozen fleets of ocean liners, it occurred to the Englishmen that their flag was to be driven from the high seas by American enterprise but their fears were allayed, when Mr Morgan told them that his investment was not a matter of emblems, but simply a question of business. Between the South African war, and Morgan and Yerkes, England is having a busy time.

The story of Mr. Fisher, of Center, entertaining the Governor on a recent visit, came to the Gazette so straight that the paper had no occasion to doubt its truthfulness. Mr. Fisher denies quite emphatically and goes out of his way to commit the town of Center to LaFollettism. The Governor has a perfect right to visit any town in the county, and it is safe to say that he would be royally entertained by the Fisher family. There are a few other people in the town of Center who would be glad to welcome the Governor on a visit, who might not be willing to vote for his renomination.

The Milwaukee Journal has exhausted the home field, and is now engaged in drawing inspiration from Washington. What the Capitol Correspondent does not know about the home situation, would fill a large book. The Journal's hindsight is a great deal better than its foresight, but it has lots of fun guessing.

The town of Center is noted for game. It is a favorite resort, not only for wardens, but for high officials. The game is so attractive, that when the governor starts out on an equestrian tour to his farm, he keeps on going. The law will be enforced in Center, if it requires the whole constabulary.

The Nanth and gas explosion near Pittsburg, was a repetition of the Martintique tragedy, on a smaller scale. The former was the result of somebody's carelessness, and nature cannot be charged with the responsibility.

Hetty Green has been granted permission to carry a gun. Just what she intends to shoot is not settled. If she lived in Wisconsin, she could go out after a brace of game wardens, with chances of success in almost any direction.

The Milwaukee News is finding amusement in advocating a special session of the legislature. This is the Governor's busy day and the "News" should have some consideration.

Will ex-Governor Hoard kindly rise and explain who will be the next postmaster of Ft. Atkinson. Mr. Dahle says he has no more goods to deliver in advance.

Able, honorable, devoted and lovable, is Senator John C. Spooner's tribute to the late ex-Governor Jesse Stone, and he knew him as a brother.

Northern Nebraska is threatened with volcanic eruptions. Mr. Bryan is not involved.

The President is planning a trip to Wyoming for big game.

The cane tad is the latest.

PRESS COMMENT.

Marquette Eagle: The LaFollette machine, wanted the Stevens bill adopted so as to make their hold stronger.

Appleton Post: Senator Whitehead's letters are making the Stevens primary election law look like thirty cents.

A Wisconsin girl, in a breach of promise suit, values a Chicago man at \$50,000. She can get aldermen in that town at a much more reasonable figure.—Sheboygan Journal.

Milwaukee Sentinel: When Senator Whitehead's analysis of the Stevens primary election bill is completed there will not be much hope of that document holding together through another campaign.

Milwaukee Journal: Warden McLaughry is the best prison man Wisconsin has ever had, and it is a pity that a suspicion of political deals should attach to his contemplated departure.

Green Bay Gazette: The oleomargarine bill has become a law by the signature of the president and com-

petition with butter will have to stop. At the present high price, however, it would hardly seem that butter needed such protection.

Hudson Star Times: Hon. John M. Whitehead, republican candidate for governor, is writing a series of articles on the Stevens Primary election bill. He writes with all the delicate subtlety of a Damascus blade dealing only in law and logic. Not a word of personality or bombast appears in the papers. They will be an historic contribution to the political record of the controversy. Mr. Whitehead is one of the representative minds of the state and those who have espoused his candidacy have every reason to feel proud of their leader. He needs no apologist at any time or place.

MYERS' GRAND IS READY FOR ELKS

Big Benefit Tomorrow Evening Will See The House Radiant with Decorations—New Curtain.

The interior of the Myers Grand theater is being elaborately and appropriately decorated in honor of the Elks' benefit performance tomorrow evening when Miss Rosa Coghlan appears in her successful play, "Forget Me Not."

House Decorated
 Pillars, boxes and balcony railings have been concealed under a draping of royal purple, the Elks' color and a number of potted palms on the stage and in the corners of the auditorium add largely to the beauty of the decorations.

Three Elks' Heads

Most effective are three elks' heads the antlers of which will be ablaze with purple and white electric lights. One head has been placed at the entrance and the others are above the boxes. The letters "B. P. O. E." outlined in carnations, are suspended from the balcony and will be illuminated.

Elks in Charge

The fact that the decorations are in charge of a committee, consisting of W. P. Sayles, George McKee, George Sale and P. J. Myers is sufficient guarantee of the artistic beauty of the decorations.

Big Electrical Display

The electrical effect will be very fine and those who attend tomorrow evening's production will be delighted with the result of the committee's work.

New Curtain

The handsome new drop curtain, just received from New York, has been put in place and will be used for the first time tomorrow evening. It is a scenic curtain, a mountain landscape in summer, being shown. The coloring is exceptionally good and the new curtain will be warmly welcomed by patrons of the theater.

Pasteurized Milk

Does Not Sour Quick

Hot weather is usually a hard trial on the common kind of milk. Thunder showers turn it almost without exception. Pasteurized Milk will not sour with the heat as quickly, neither will thunder showers effect it. This is because of the process Bower City Milk and Cream passes through. It is absolutely pure when delivered to you. **Qt. 5c**

An

MEMORIAL DAY TO BE OBSERVED

WILL DECORATE GRAVES IN THE
MORNING; SERVICES LATER.

The G. A. R. and Woman's Relief Corps/Have Charge of the Arrangements—Will Attend First M. E. Church Sunday Before—Meeting in Court House Park.

Plans for the appropriate observance of Memorial day in this city are rapidly nearing completion at the hands of the special committee recently appointed by the W. H. Sargent Post, No. 20, G. A. R. Following the custom of former years the Grand Army of the Republic has entire charge of the services for the day dedicated to the memory of the nation's heroic dead. The local Post has left all arrangements to its committee of which S. C. Burnham is chairman. The other members being W. J. McIntyre, C. D. Child, E. O. Kimberley and Martin Halverson.

To Decorate Graves
On the morning of Friday, May 30, the members of the local Grand Army and Woman's Relief Corps will decorate the graves of the soldier dead in both cemeteries. The public services will be held in the Court House park at two o'clock in the afternoon, being preceded by a short street parade. This parade will be merely the movement of the Grand Army, Woman's Relief Corps and other interested societies from the head of West Milwaukee street to the park and all civic societies which wish to express respect for the day and the sentiment which it represents will receive a cordial welcome to the ranks. It would also be an appropriate tribute if the public schools would be largely represented in the parade and at the exercises, as there will be no school services on Memorial day.

Speaker of the Day
Rev. J. H. Tippet, pastor of Court Street M. E. church, has been chosen as orator of the day and will deliver the Memorial day address. Rev. J. T. Henderson, pastor of the Presbyterian church, will officiate as chaplain. The balance of the program for the afternoon services has not been definitely decided upon but the complete program will be ready for publication in the near future.

Service in the Park
The plan of holding the Memorial services in the park instead of at the cemetery in connection with the decoration of the graves was tried for the first time last year and proved so thoroughly satisfactory to everyone concerned that this year it was unanimously decided to follow the precedent established last Memorial day. One of the chief arguments in favor of this arrangement is the location, the park being much more convenient than the cemetery for those who desire to attend the services.

Will Attend Church
On the morning of Memorial Sunday, May 25th, members of W. H. Sargent Post, No. 20, G. A. R. and W. H. Sargent Woman's Relief Corps No. 21 will attend divine service at the First M. E. church, having accepted the invitation tendered by Rev. James Churm, pastor of the church who will preach the memorial sermon.

BURGLARS STEAL THREE DOLLARS

Entered McKelue & Worthington's
Saloon Last Night—One
Man Arrested.

During Tuesday night some parties broke into McKelue and Worthington's saloon, on East Milwaukee street and secured about \$3 in change from the cash drawer, which had been left there for the next day's business.

Entered by Window.
The parties entered the saloon by the way of the rear window, which they forced open and then unlocked the rear door to secure an easy way to get out. James P. Worthington, one of the proprietors of the saloon, heard the noise made by forcing the window, but does not remember what time of the night it was, and thought the bartender was cleaning up for the day, before opening the saloon, so paid no attention to it.

Billings Arrested
The theft was discovered in the morning by Charley Allen their bartender, when he came to open up. The matter was at once reported to Chief Hogan together with a number of suspicious circumstances, which led to the arrest of C. Herbert Billings, a tinner by trade, who has been hanging around the saloon considerable during the winter and has done some work about the place mornings. He had a knowledge of how the place was conducted and knew the time of night that there was the least liability of being discovered.

Billings has been drinking considerably and may have been under the influence of liquor at the time when he is charged with entering the saloon.
He is now in the city lock-up and will be given an examination as soon as the district attorney is ready to take the matter up.

Wednesday afternoon at 2 o'clock at the parsonage of the First M. E. church, Rev. James Churm united in marriage Edward Duebendorfer and Miss Hulda Trimm, both of Monroe.

The happy couple left on the 2:35 train for a wedding trip.

Assistant General Manager W. J. Underwood and J. B. Moll, general road master of the St. Paul system, were here today on a tour of inspection. Their private car was hitched to the 10:35 Chicago train this morning.

Mrs. W. G. Wheeler entertained the members of the Ladies' Afternoon Whist club most charmingly at her home, 108 East street, south. Showed the guests at 2:30 o'clock, and after some time had been spent pleasantly at the card tables, the ladies enjoyed an appetizing luncheon.

This morning Mrs. John A. Collins and her sister, Mrs. Wm. Perrigo, went to Edgerton to attend the birthday celebration of their father, Meater Perrigo, who has reached the advanced age of ninety-five years. A son, Daniel Perrigo, of Missouri, will also attend the anniversary.

Amos Rehberg went to Chicago this morning at 10:10, on a business trip.

It is stated that Mr. Charles C. Russell, formerly of this city, but now of Milwaukee, is soon to wed Miss Agnes Cahill of that city. Mr. Russell was formerly in the law business in this city with Hon. John Winans, and now holds a responsible position with a firm of attorneys in Milwaukee. The bride-to-be is a popular young lady and is employed as a stenographer by a prominent law firm.

At Work On New Depot: Additional evidence of a new passenger station for the C. M. & St. P. R. R. was manifest this morning when a large force of workmen began tearing down the old buildings between High and Jackson streets. Several rods of rails were torn up and preparation made to move the old depot. Excavations will soon commenced and the work of construction begin.

Repair Northwestern Bridge: Yesterday the Chicago and Northwestern railroad company took out the light steel span of their bridge across North River street and replaced it with a heavy one. The bridge where the change was made is a union bridge, belonging both to the Northwestern and St. Paul roads. Only the section belonging to the Northwestern was moved. The old span was taken out and the new one placed in position by the use of a large steam derrick and caused little or no delay to the traffic of the road.

LUNCHEON ENDS YEAR'S SESSION

The Eastern Star Study Class Closes Year's Work with a Delightful Gathering.

The Eastern Star Study class closed its third year of successful study very happily this afternoon with a social meeting and luncheon at the home of Mrs. W. H. Merritt, 122 Madison street. Of the twenty-six members of the class there were only three or four ladies who were not present to enjoy the pleasures of the afternoon.

Luncheon at 1:30
Luncheon was served at half after one o'clock at one long table, daintily spread and effectively decorated with an immense bouquet of American Beauty roses and ferns. The class flower is a red rose and the class colors are green and white and the three were combined artistically in the decorative scheme for the dining room.

Associated with Mrs. Merritt as hostesses for the occasion were Mesdames, Ada Kimberley, Amanda Butts, Angie Sanborn, Nellie Sanborn, Mary Wood, Kittle Yeomans, Fanny Conger and Misses Sue Hutchinson and Nellie Dudley, the nine ladies who had not enjoyed the privilege of entertaining the class during the past winter. These ladies furnished the luncheon which was delicious, the social committee having it in charge. The luncheon was served in three courses.

Toasts Given
When ample justice had been done the dainty eatables the guests enjoyed a short post-prandial program, the responses to the toasts being brief and witty. Mrs. Sarah McNamara presided gracefully as toast-mistress and the following responses were given.

Our President—Mrs. Vinnie Carle.
Our Members—Mrs. Ada Kimberley.

The Social Committee—Mrs. Mollie Kerch.
Our Hostess—Mrs. Theodora Garbutt.

After this program the balance of the afternoon was spent in various amusing games and guessing contests and the identification of photographs of the members as they were many years ago created a great deal of fun.

Next Year's Work
Next year the class will continue its study following a miscellaneous program of literature, history, art, travel, science and patriotism. Mrs. Ada P. Kimberley is president of the class; Mrs. Mollie Kerch, vice president; Mrs. Theodora Garbutt, secretary and Mrs. Sarah E. McNamara, treasurer.

List of Members
The list of membership includes the following ladies most of whom were guests at this afternoon's meeting: Mesdames, Kittle Ashcraft, Martha Brownell, Elizabeth Blodgett, Amanda Butts, Maria Carle, Vinnie Carle, Fanny Conger, Alice Evans, Theodora Garbutt, Mary Harrington, Clara Howe, Maud Harlow, Ada Kimberley, Mollie Kerch, Maria Merritt, Sarah McNamara, Harriet Martin, Jennie Nowlan, Nellie Sanborn, Angie Sanborn, Irene Strickler, Mary Wood, Kittle Yeomans; Misses: Nellie Chittenden, Nellie Dudley, Sue Hutchinson.

SMALL BOY IS STILL MISSING

Police Are Looking For Ten-Year-Old Willie Gokey—Gone Since Monday.

The mystery surrounding the disappearance of little Willie Gokey, still grows deeper, and no traces of his whereabouts have yet been secured by his anxious mother or relatives. He was not a bad boy and was not inclined to run away from home.

Mother Fears Harm
His mother thinks that some harm must have befallen him. At the time of his disappearance he had on a dark blue winter cap and a gray suit of clothes. He was ten years old yesterday and was small for his age, and is rather slim built and has short dark hair.

Left Home Monday
Monday morning he went to the Grant school with his younger brother Frank and started to go into the school house, but did not arrive there as has been learned since.

He was seen about ten o'clock on Monday morning riding on a dray driven by Andrew Gibson, which was going to Monterey to deliver some groceries. Mr. Gibson does not remember him but says that there are so many boys getting on and off the dray that he does not remember when he got off or on.

First Missed
On Monday he did not come home to dinner, but his mother thought nothing of it as his brother Frank said he was at school during the morning, but when he did not come home at night she began to be alarmed at his absence. She inquired at the school and found that he had not been at the school at all Monday.

Search Begins
His uncle, Frank Sweeney has been searching for him, and made a thorough investigation of the river bank around Monterey, without finding any clue. He also inquired of a number of fishermen who are around the river considerable, but they had seen nothing of him around there. A further search for the missing boy will be made by his relatives and the police in hopes that some clue can be secured.

Mother Broken-Hearted
His mother is broken-hearted over his disappearance and any news of his whereabouts or any clue, will be thankfully received by her.

MORE DRUNKS
In the municipal court this morning Jobe Jackson pleaded guilty to being drunk and disorderly and was fined \$2 and costs, in all \$3.10, which he paid.

John Flynn was up on the same charge and was given \$2 and costs or five days in jail. He went to jail.

John Smith, also pleaded guilty to the same charge and not having \$1.10, the amount of the fine and costs went to jail for eight days.

A marriage permit was issued this afternoon by Judge Fildon to Edward Duebendorfer of Monroe, and Hulda Trimm, of Juda.

In Justice Court: In Justice Earle's court the case of Mary Monahan vs. Ann R. Cribben is on trial this afternoon.

In Circuit Court: In the circuit court today Judge B. F. Dunwiddle granted a divorce to Rosa Ruegger from Edward Ruegger on the ground of desertion and non-support. The parties reside in Green county. A. S. Douglas, of Monroe, appeared for the plaintiff, there being no appearance on the part of the defendant. The plaintiff also granted permission to marry within the year.

NEWS OF THE COUNTY**MILTON**

Milton, May 15.—The following is the program of the oratorical contest held in the Chapel last Thursday evening. The orations were presented by students of Milton college and were original productions.

Music—Soverhill Sisters.
Invocation—Rev. T. W. North.The Tyranny of Trade Unions—Ray W. Clarke.
A Threshold Picture—Miss Lillian Coon.Violin Duet—Soverhill Sisters.
Parasites—W. C. Lowther.The Progress of Liberty—Miss Clara Wheeler.
Music—Milton College Glee Club.Nathan Hale—Miss Edna Zinn.
The Man With the Hoe—Miss Ora Crandall.Music—Soverhill Sisters.
Judges: A. E. Matheson and Prof. Buell of Janesville, and Prof. Shutta of Whitewater.

The first prize was awarded to Miss Crandall, the second to Miss Zinn, and the third to Mr. Clarke. The music was of a high order, although the audience would have preferred a solo by little Wilma Soverhill to the duet.

Friday, the ninth of May, was Arbor day. The coldness of the weather prevented holding the exercises out of doors, so the pupils of the public school met in the assembly room of the High school to pay their respects to, and to learn more of nature. Each of the grades contributed something to the program of songs, recitations and readings, all of which presented some one of the varying beauties of nature. A number of the parents and friends met with the scholars and enjoyed the program with them.

Mrs. A. L. McClelland and Miss Maud Hudson were recent visitors in Beloit.

Misses Pearl and Ella Crooley, who were here to visit Milton friends, returned to their Alton home Friday. George R. Fetherston and family of Janesville spent Sunday at Father Crane's.

H. F. Smith transacted business at Milton last week.

Rev. J. Allison Platts, son of Rev. Dr. and Mrs. Platts, of this village, has been called to the pastorate of the Central Presbyterian church at Allegheny, Pa. His salary is \$2,000 with a six weeks' vacation. He has been at Wingo Junction, Ohio, for some time.

Harvey S. Brown, of Whitewater, a former resident here, died in a Chicago hospital, Friday, where he had undergone an operation for cancer of the bowels.

A. M. VanHorn returned from Welton Sunday night where he went on account of the illness of his father.

The Milton and Milton Junction High school nines played an alleged game of ball here Friday afternoon. Score 19 to 16 in favor of Milton.

G. S. Burdick had new potatoes Saturday of his own growing, but they grew in his hot house.

Mrs. Carrie Weyant and daughter, Miss Cecil, of Cartwright, are visiting Mr. and Mrs. D. J. Berkalew. They are dangerous illness of Mrs. Weyant's mother, Mrs. C. Sweet.

The College Glee Club will furnish music for the Walworth High school commencement next month.

Mr. Joy, of Webster City, Ia., visited Mr. and Mrs. H. H. Risdon Sunday. He represents a Michigan firm.

Dr. Wagner, of New Richmond, Minn., made Milton a brief visit this week.

LA PRAIRIE

La Prairie, May 14.—Saturday's snow reminded us of snow and frost.

Kodol Digests what you Eat
Dyspepsia Cure

You might as well put fuel under a boiler without burning it and expect the engine to run, as to eat food and not digest it and expect to keep up nourishment for your body. You must have nourishment to live and when you cannot digest your food, Kodol Dyspepsia Cure will do it for you, with no aid whatever from the stomach. It contains exactly the same elements as Nature's digestive fluids and can't help but produce the same results.—David Taylor, Blind Ridge, Pa., writes:—"I have been afflicted for a number of years with dyspepsia and have tried various remedies without good results but was cured by one bottle of Kodol Dyspepsia Cure. I cannot say too much in its favor."

It can't help but do you goodPrepared by E. O. DeWitt & Co., Chicago. The \$1. bottle contains 2 1/2 times the 50c. size. When you need a soothing and healing application for piles, sores and skin diseases, use **DeWitt's Witch Hazel SALVE**. Beware of counterfeits. BELOIT VERSUS WEST VIRGINIA

Two Crack College Teams Playing at Athletic Park This Afternoon.

The University of Virginia and the Beloit College ball teams had perfect weather for their contest at Athletic park this afternoon. The West Virginia team arrived in the city this morning from Madison where they played the University of Wisconsin team yesterday, and were victorious by a score of 11 to 0.

The Beloit team is confident that it can hold the Virginians down and expect to carry off the honors. Adkins, the celebrated Beloit pitcher, will be in the box and will keep the Virginians busy looking for hits.

A good sized audience gathered at the grounds and witnessed one of the most interesting and hotly fought games of the season.

The following is the batting order of the two teams:

Beloit	Position	West Va.
Blair	2b	Snyder
Al. Merrill	1b	Shriver
Morley	c	W. Curtis
Adkins	p	W. Curtis
Cronkite	lf	Smith
Ed. Merrill	cf	Middleburg

MISSIONARY CONFERENCE

An interesting missionary conference was held at the First M. E. church this afternoon, conducted by Dr. H. F. Oldham, of Chicago, missionary secretary of the Methodist Episcopal church at large. The societies of both the Court Street and First M. E. churches joined in the conference, and a number of churches in surrounding cities and villages were largely represented. The conference began at 2:30 o'clock and was informal, instructive and interesting.

This evening instead of the customary prayer service, both the local Methodist churches will join in a missionary service at which Dr. Oldham will deliver an address. He is a forceful speaker, possessing an unusual degree of magnetism and power to interest and entertain. His personality is exceptionally interesting as he is an Eurasian, having been born in India of an Indian mother and American father. His address this evening will be well worth hearing and a cordial invitation is extended to the public.

Those who attended the conference this afternoon will be entertained before the evening service at a supper, served by the ladies of the First M. E. church.

DESTROYS HOUSES AND MILLS.

Twenty Dwellings and \$220,000 Worth of Lumber Consumed by Fire.

Huntington, W. Va., May 15.—Fire broke out in R. W. Kennedy & Co.'s lumber mills at Ceredo, six miles west of here, destroying the entire plant, the substation of the Camden Interstate Railway, twenty dwelling houses and all the lumber in the mill yards. The loss is estimated at \$220,000, probably one-third covered by insurance. More than \$80,000 worth of cigar box lumber alone was consumed. The fire has temporarily suspended street car traffic here and in half a dozen other river towns.

Asphalt in Oil Well.

Austin, Tex., May 15.—In the oil fields near here the drill in a well at a depth of 142 feet dropped into a lake of liquid asphalt which is so thick and heavy that further drilling is almost impossible. The heavy black stuff oozed up into the well for quite a distance. It is said that liquid asphalt has been found heretofore only in Trinidad.

Boer Conference.

London, May 15.—Lord Kitchener has notified the war office that representatives of all the bodies of Boers throughout the Transvaal and Orange River colonies are gathering at Vereneging, for the conference, which began today, and that he has arranged that the delegates shall not be impeded in reaching the rendezvous.

Morgan After Spanish Ships.

Madrid, May 15.—It is reported that J. Pierpont Morgan is coming to Spain to negotiate for the entry of the Spanish Transatlantic Company into the Atlantic shipping combine. The company is subsidized by the Spanish government, and in view of the present condition of the treasury it would gladly cancel the arrangement.

Buck Wheeler to Hang.

Indianapolis, May 15.—The Supreme court affirmed the judgment of the lower court in the case of Buck Wheeler, sentenced to be hanged for the murder of his son-in-law, Elias Burns, at Booneville, last summer. He was sentenced to be hanged June 6.

Lead Workers on Strike.

New York, May 15.—All the lead burners employed in the chemical factories along Staten Island sound from Elizabethport to Carteret have struck for a nine-hour day and higher wages. They have picketed the factories.

Reception to Taft.

Cincinnati, May 15.—The alumni students and faculty of the Cincinnati Law school gave Judge William H. Taft, governor of the Philippines, a public reception at College Hall. Gov. Taft has left for Manila via Rome.

To Inspect Illinois Railroads.

Springfield, Ill., May 15.—The railroad and warehouse commissioners will start on their annual tour of the railroads of the state on Monday, May 26. It will take nearly a month to complete the inspection.

Sol Smith Russell Left \$150,000.

Minneapolis, Minn., May 15.—The will of Sol Smith Russell, the actor, was filed here. The estate, mostly real, is valued at \$150,000. The docu-

People Flock to Madrid.

Madrid, May 15.—There has been an extraordinary influx of foreign and provincial visitors into this city in anticipation of the festivities in connection with the coronation of King Alfonso.

No More Flour Sampling.

New York, May 15.—Through the action of the produce exchange flour committee, the practice of sampling flour will be abolished on May 20. The change is due to excessive inspection charges.

Big Gift to Museum.

New York, May 15.—One of the biggest gifts ever given to the Metropolitan Museum comes from the probate of the will of the late Jacob S. Rogers. The museum gets \$5,457,000.

"A Runaway Wife."

Irving French, the popular comedian supported by his big company, will open a three nights' engagement at the opera house commencing next Monday. This company is recognized by the press and public throughout the western states as one of the best comedy companies organized. They will produce a repertoire of the latest comedy successes, including singing and dancing specialties in every performance. Monday night they will present "A Runaway Wife," a comedy in four acts, brimful of the latest songs and dances and funny situations. Prices 10, 20 and 30 cents. For the purpose of introducing the company, the management has decided to admit ladies free the opening night only, if accompanied by an escort with one paid 30 cent ticket. Seats on sale Saturday.

THE RIGHT BRAND.

Secretary Shaw is fond of telling of a dinner given by one of his friends to some rural gentlemen from Iowa. "He furnished them with the best of everything—terrapin and

canvasback duck," says the secretary. "The climax of the feast was a watermelon, into which had been emptied two quarts of champagne. When the farmers began to eat the watermelon they smiled and smacked their lips and ate again. Then of one accord they slipped in their pockets a handful of the seeds. They wished to raise some of the same kind of melons on their own farms."—Pond du Lac Reporter.

Marshfield Times: There is no need of any republican unless he be one of Gov. La Follette's appointees; losing any sleep over the situation. When the state convention meets it will adopt a republican platform, combining out the straws of populism that have blown in and then nominate John M. Whitehead or some other good man and the delegates will go home pledged to support the ticket and Senator John C. Spooner. This program may not suit Gov. La Follette and may be distasteful to the democrats, but it is what will happen.
